

Inductive Proximity Sensors (DC NAMUR)

# INAT3008

## M30 (namur output)

|                          |                              |
|--------------------------|------------------------------|
| Connection:              | 2 m/2 x 0,25 mm <sup>2</sup> |
| Connection type:         | cable                        |
| Outlet:                  | Namur Ausgang                |
| Design:                  | M30                          |
| Diameter:                | M30x1,5                      |
| Installation type:       | non flush                    |
| Length:                  | 40 mm                        |
| Reproducibility:         | 0,01 mm                      |
| Switching distance:      | 15 mm                        |
| Switching frequency:     | 500 Hz                       |
| Protection class:        | IP 67                        |
| Voltage type:            | VDC                          |
| Voltage range:           | 7,7 – 9 V                    |
| Temperature drift:       | 10 °C                        |
| Environment temperature: | -25 bis 60 °C                |
| Material:                | nickel plated brass          |
