

Through Beam Lightbarriers (Plastic Fibre)

LLID 2000

fibre optic LRIA 2000 (PNP-NO)

Outlet:	PNP-NO
Fiber diameter:	1 mm
Function:	plastic fibre
Min. bending radius:	25 mm
Light emission:	radial
Light conductor length:	2000 mm manufacturable
Material hull:	stainless steel
Min. object size:	■ 0,03 mm
Switching distance:	120 mm
Protection class:	IP 67
Environment temperature:	-40 °C...+70 °C
Coating:	Polyethylen black
