

Accessoires (Accessoires)

LNHA 7172

71 (NPN-NO+NC - programmable)

Connection:	2 m cable
Connection type:	2m cable
Switching frequency:	0,4 ms
Outlet:	NPN-NO+NC - programmable
Design:	71
Specialty:	background suppression adjustable
Adjustment range:	0... 100 %, 8-turn Potentiometer
Function:	fibre optic amplifier
Case material:	PBT/Polycarbonat
Short protection:	yes, yes
LED outlet + stability:	red, green
No-load current:	≤ 35 mA
Light source:	LED red 680 nm
Protection class:	IP 50
Voltage drop:	≤ 1 VDC
Voltage range:	12...24 VDC ±10 %
Ampacity:	≤ 50 mA
Tap range:	depends on fibre optic
Environment temperature:	-25 °C ...+55°C
